## The Stable Door

The traditional country door with all the benefits of modern materials and technology. The stable door give you split level access and features high security locks as used across our range. Great for additional ventilation in the summertime while being able to control access for your children and pets.

High security locks are used throughout. The upper and lower leafs can be locked to frame independently for maximum security.

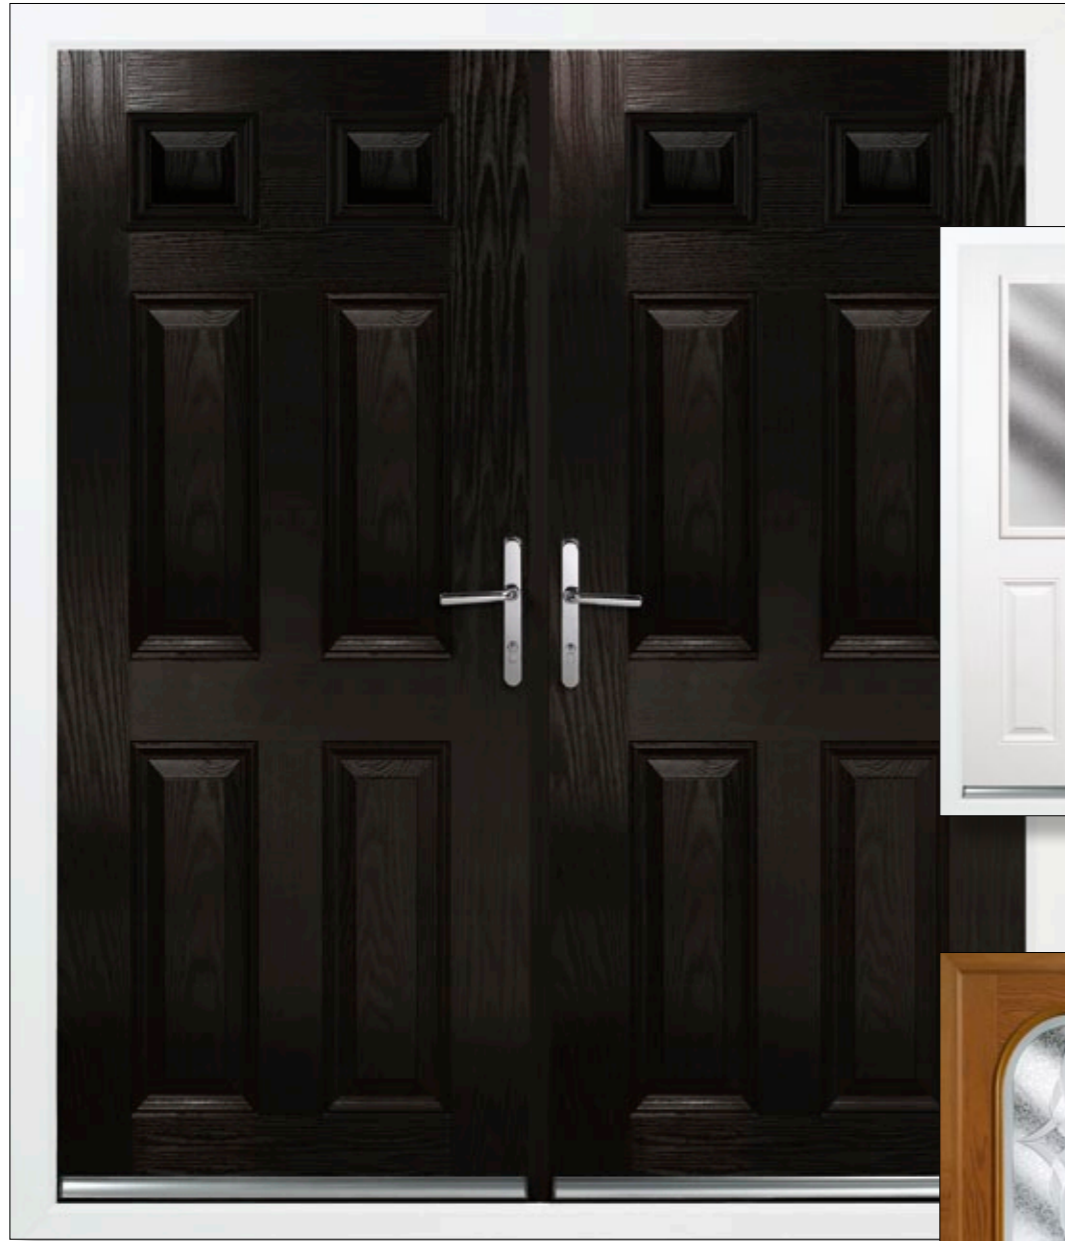

The stable door features high security locks that engage into the outer frame and an interlock between the top and bottom leaf.

### Door Colour Options:
